

## EDM WIRES

### BROUGHT TO YOU BY NICKUNJ

NEWCPL the flagship company of the Nickunj Group, now also offers one more variety of imported brass of coated EDM wires sold under brand name "Kriicut".

Solicat features Kriicut brand EDM wires: Better and consistent cutting speed, superior electrical conductivity, close diameter tolerance, better straightness and with all weather packing works efficiently on all make wire cut machines.

Kriicut Brass soft Rich brass core provides all round performance like high consistent cutting speed. Suitable for high taper cuts on all machine make.

Kriicut Brass Hard, Rich Brass core with extra hardness and higher straightness helps in auto wire threading. Suitable for all machine make.

### SPECIFICATION

Wire Type	Diameter (mm)	Tensile Strength N/mm2	Elongation (%)
Kriicut Brass (Soft)	0.20 - 0.30	500 - 550	15
Kriicut Brass (Hard)	0.20 - 0.30	900	1

Coil Type	Coil Shape	Weight of Wire on Coil (kg)	Diameter of Wire (mm)	D (mm)	d (mm)	L (mm)	h (mm)	Length of Wire on Coil (mm)	Number of Coils/Box
